SUMMARY REPORT

Name of the Program: Inauguration of Tamil Literary Association & Antiquities Exhibition

Date :02.12.2022

Venue: N4 Seminar Hall

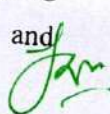

Name of the Resource Person: Dr. Sakthivadivu

The Department of Tamil has conducted a "Research aspects in Siddha medicine" on 02.12.2022. The seminar was conducted for B.A Tamil students. The timing of the program at 11:00 AM. Resource Person started her session with a brief introduction about the Tamil Siddha medicine. The primary objective of the program was to enhance understanding of the Tamil Siddha medicine.

Program Outcomes: Virtual seminar on Siddha medicine organized by the Tamil Department was a highly successful event that achieved several key outcomes:

- **Comprehensive Knowledge of Siddha Medicine:** Participants will gain a thorough understanding of the fundamental principles, history, and practices of Siddha medicine, including its holistic approach to health and wellness.
- **Application of Siddha Principles:** Attendees will be able to apply the core concepts of Siddha medicine to real-world health scenarios, enhancing their ability to integrate traditional healing practices with modern medical approaches.
- **Critical Analysis and Evaluation:** Participants will develop the ability to critically analyze and evaluate the effectiveness and relevance of Siddha medicine in contemporary healthcare, considering both its strengths and limitations.
- **Research and Innovation:** The seminar will encourage participants to explore ongoing research and potential innovations in Siddha medicine, fostering a spirit of inquiry and contribution to the field.

Summary Report: workshop on "Research in Poetic Echoes: Rhythms and Rhymes in English Poetry"

Date: July 5, 2022

Location: RAAK Arts and Science College, Perambai.

Chief Guest: Mr. Siranjivi S. S., Assistant Professor and Head of the Department of English, Sanghamam College of Arts and Science, Annamangalam

Organizer: Department of English

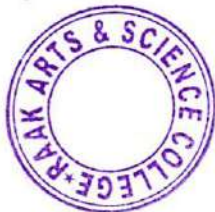

Venue: N4 Hall

Event Overview: The seminar titled "Poetic Echoes: Rhythms and Rhymes in English Poetry" was conducted on July 5, 2022, aiming to explore the intricate aspects of rhythm and rhyme in English poetry. The event brought together students, faculty members, and poetry enthusiasts to delve into the mechanics and artistry of poetic forms.

Chief Guest: Mr. Siranjivi S. S., an esteemed Assistant Professor and Head of the Department of English at Sanghamam College of Arts and Science, Annamangalam, served as the chief guest for the seminar. Mr. Siranjivi S. S. is renowned for his extensive knowledge in English literature and his scholarly work on poetic structures.

Key Highlights:

- 1. Introduction and Welcome:** The seminar commenced with a warm welcome address, outlining the objectives of the event and emphasizing the significance of rhythm and rhyme in poetry.
- 2. Keynote Address:** Mr. Siranjivi S. S. delivered an insightful keynote address that provided a comprehensive overview of rhythmic patterns and rhyme schemes in English poetry. He discussed the evolution of poetic forms and their impact on literary expression.

SUMMARY REPORT

Name of the Program: Seminar on "FinTech's Role in Modern Banking - Aspects of Patents and IPR"

Date: 13.09.2022

Venue: N4 Seminar Hall

Name of the Resource Person:

Overview:

The workshop, held on September 13, 2022, at N4 Seminar Hall, focused on emerging trends in financial technology (fintech). Led by [Name of the Resource Person], the session covered key fintech innovations and their impact on the financial industry.

Key Points:

- **Introduction to Fintech:** Overview of the fintech landscape.
- **Emerging Trends:** Blockchain, cryptocurrency, AI, and more.
- **Impact on Finance:** Transformation of banking, payments, lending, and investments.
- **Case Studies:** Practical applications and real-world examples.
- **Interactive Session:** Q&A and participant engagement.

Takeaways:

- Understanding of fintech trends and innovations.
- Insights into fintech's impact on traditional finance.
- Practical knowledge from case studies.
- Networking with peers and experts.

Summary Report: UNDERSTANDING CONSUMER PSYCHOLOGY

Introduction

The "Workshop on Understanding Consumer Psychology" aimed to delve into the intricacies of consumer behavior and how psychological principles can be applied to enhance marketing strategies and improve customer experiences. This event gathered experts in psychology, marketing professionals, and business leaders to discuss key theories, share research findings, and identify practical applications in the business world.

Workshop Objectives

1. Explore fundamental concepts of consumer psychology.
2. Understand how psychological factors influence consumer behavior.
3. Discuss the latest research and trends in consumer psychology.
4. Share practical applications and case studies.
5. Develop strategies to leverage consumer psychology for business success.

Key Sessions and Highlights

Opening Session: Introduction to Consumer Psychology

DEPARTMENT OF BUSINESS ADMINISTRATION (BBA)

SUMMARY REPORT

Name of the Program: Workshop on "Supply Chain Management - Start up initiative as entrepreneur"

Date: 13.11.2022

Venue: N4 Seminar Hall

Name of the Resource Person: Mr. Mohan Kumar, Supply Chain Manger, Amazon

On November 13, 2022, Mr. Mohan Kumar, Supply Chain Manager at Amazon, conducted an insightful workshop on Supply Chain Management for BBA students in the N4 hall. The workshop covered key aspects of training programs, their importance in organizational growth, and methods to design effective training modules. Mr. Kumar shared real-world examples from his experience at Amazon, highlighting the impact of continuous learning on employee performance and operational efficiency. He emphasized the need for aligning training initiatives with business objectives and fostering a culture of development. Interactive sessions and group activities were incorporated, allowing students to engage actively and apply theoretical knowledge to practical scenarios.

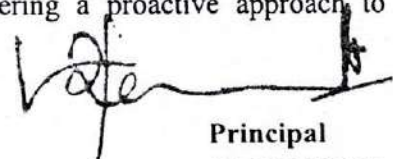

Program Outcome

By the end of the workshop, students gained a comprehensive understanding of the principles and practices of training and development. They learned to design and implement effective training programs tailored to organizational needs. The workshop equipped them with skills to evaluate training outcomes, identify areas for improvement, and understand the role of ongoing professional development in career advancement. Students left with actionable insights and practical tools to apply in future managerial roles, fostering a proactive approach to workforce development.

SUMMARY REPORT

Name of the Program : Workshop on "Research aspects of Machine Learning"

Date : 10.08.2022

Venue: N4 Seminar Hall

The Department of computer science has conducted a Workshop on 10.08.2022. It is titled "MACHINE LEARNING". Resource person is Dr. N. Vaijayanthi Professor, Researcher, PhD in Anna University, The Workshop was specially conducted for Final year B.ScCS and M.SC CS students. The Workshop session begins at 10:30 AM. The 23 Participation attended the Workshop. Resource Person started her session with a brief introduction about the

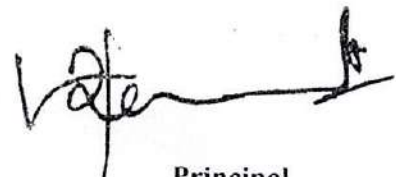

Sessions and Topics Covered: Introduction to Machine Learning, Basics of Machine Learning, Machine Learning (ML), Types and Algorithms of Machine Learning.

Keywords: Supervised learning, unsupervised learning, classification, clustering, ML

program outcomes: the workshop on machine learning technology of the outcomes reflect the workshop's success in educating and inspiring participants about machine learning technology's potential to revolutionize various sectors. Attendees left the workshop equipped with knowledge, insights, and a strategic mindset to navigate and capitalize on the evolving machine learning landscape.

SUMMARY REPORT

Webinar Report: webinar on "Programming skills in C/C++ and Programming contest - Intellectual Property Rights"

Introduction The webinar on programming skills in C/C++ and programming contests was conducted to provide insights into mastering these programming languages and excelling in competitive programming. This report summarizes the key topics covered and the main takeaways from the webinar.

Key Topics Covered

- 1. Introduction to C/C++ Programming:**
 - Overview of C/C++ languages, their significance in software development.
 - Basic syntax, data types, variables, and control structures in C/C++.
 - Pointers, arrays, and functions in C/C++.
- 2. Advanced Concepts in C/C++:**
 - Object-oriented programming (OOP) concepts in C++: classes, objects, inheritance, polymorphism.
 - Standard Template Library (STL) in C++: containers, iterators, algorithms.
 - Memory management and pointers in C/C++.
- 3. Programming Contests Overview:**
 - Introduction to programming contests (e.g., ACM ICPC, Codeforces, etc.).
 - Strategies for participating in programming contests.
 - Problem-solving approaches and techniques.
- 4. Skills for Competitive Programming:**
 - Data structures: arrays, linked lists, stacks, queues, trees, graphs.
 - Algorithms: sorting, searching, dynamic programming, greedy algorithms, graph algorithms.
 - Time complexity and space complexity analysis.

PRINCIPAL

VILLIANUR POST-605 110
PERAMBAL.

RAAK ARTS AND SCIENCE COLLEGE

Affiliated to Annamalai University, Chidambaram || An ISO 9001:2015 Certified Institution
Recognized under section 2(f) of the UGC Act, 1956.

5. Preparing for Programming Contests:

- Practice resources and platforms (e.g., Codeforces, LeetCode, HackerRank).
- Importance of consistent practice and participation in mock contests.
- Tips for improving coding speed and accuracy.

Main Takeaways

- **Fundamentals of C/C++:** Understanding the basics and advanced concepts of C/C++ is essential for building a strong foundation in programming.
- **Competitive Programming Skills:** Emphasis on mastering data structures, algorithms, and problem-solving strategies is crucial for excelling in programming contests.
- **Practice and Participation:** Regular practice on coding platforms and participation in programming contests are key to improving programming skills and gaining exposure to diverse problem-solving scenarios.
- **Continuous Learning:** Programming is a continuous learning process; staying updated with new techniques and algorithms is vital for staying competitive.

Conclusion

The webinar effectively highlighted the importance of mastering C/C++ programming skills and preparing for programming contests. Participants gained valuable insights into the core concepts of these languages, as well as strategies for succeeding in competitive programming. By leveraging the knowledge gained and practicing consistently, participants are well-equipped to enhance their programming abilities and excel in programming contests.

This report captures the essence of the webinar and serves as a reference for further enhancing programming skills in C/C++ and participating in programming contests effectively.

SUMMARY REPORT

Name of the Program: A Seminar on "Recentorganic Materials Research methodology in current scenario"

Date:27.07.2022

Venue: N4 Seminar Hall

Name of the Resource Person:Dr.SASITHRAN, Department of chemistry, CSIR Indian Institute of Techonology, Madras.

Keywords: Spectroscopic studies,

The Department of chemistryhas conducted a Seminar on Organic synthesis on 22.08.2018 Dr. Anbarasan, Department of chemistry, Indian Institute of Techonology, Madras. The seminar was specially conducted for Final year BCA students. The timing of the Seminar at 11:00 AM. The Participation of the Seminar, Resource Person started her session with a brief introduction about the TRENDS IN CHEMICAL TECHNOLOGY. The primary objective of the workshop was to enhance understanding of the chemical Synthesis, discuss recent updates, and address common challenges encountered in its implementation.

Program Outcomes: This seminar provided:

The Seminar on Artificial Intelligence was a dynamic gathering that delved into crucial aspects shaping the future of chemical technology. Participants gained valuable insights into the latest advancements and practical applications of trendsacross diverse sectors such as healthcare, finance, and transportation. Key discussions centered on the ethical considerations inherent in development, emphasizing the need for to ensure responsible.

Date : 27.09.2022

Venue: ROOM NO. 29

Name of the Resource Person: M. Arun, Assistant Professor, E.S. Arts and Science College,
Villupuram

The Department of Mathematics has conducted a workshop on Vedic Mathematics on 27.09.2022. The workshop was specially conducted for Mathematics students. The timing of the seminar at 10:00 AM. The Participation of the workshop 12. M. Arun, Assistant Professor, started his session with a brief introduction about the Vedic Mathematics. The primary objective of the workshop was to enhance understanding of the Ancient Indian Techniques and its applications in mathematics aims to explore the versatility and practicality of Mental Math, Sutras, Arithmetic in handling uncertainty and vagueness in mathematical modeling and decision-making processes. Participants will delve into the foundational concepts of Educational Tool, Math Enthusiasts, Math Educators its mathematical underpinnings, and its application across various domains.

Program Outcomes: Key outcomes of the workshop included

Enhanced Calculation Speed: Participants will be able to perform complex calculations much faster than conventional methods.

Improved Mental Agility: Strengthened mental calculation skills, reducing reliance on calculators and other tools.

In-depth Understanding of Vedic Sutras: Knowledge of specific Vedic mathematical sutras and their applications.

Simplified Problem-Solving: Techniques to simplify and solve mathematical problems with ease.

Increased Confidence in Math: Boosted confidence in handling mathematical problems and performing calculations.

Application in Various Fields:

Understanding the relevance and application of Vedic Mathematics in fields like engineering, physics, and computer science.

Innovative Teaching Methods: Educators will acquire new teaching strategies to make math engaging and accessible for students.

Analytical Thinking: Enhanced analytical and logical thinking skills through the practice of Vedic techniques.

Interest in Ancient Knowledge: Increased appreciation and interest in ancient Indian knowledge and its modern-day relevance. Interactive components such as Q&A sessions and case studies enriched participant learning, fostering a collaborative environment for sharing insights and experiences.

A WEBINAR ON CYBER SECURITY- PUBLISHING PATENTS AND IPR

SUMMARY REPORT

Name of the Program :A WEBINAR ON CYBER SECURITY- PUBLISHING PATENTS AND IPR

Date : 15.09.2022

Venue: N4 Seminar Hall

Our college has conducted a Webinar on Cyber Security- Publishing Patents and IPR on 15.09.2022. The timing of the webinar at 11:00 AM. The Resource person started his session with a brief introduction about the Cyber Security- Publishing Patents and IPR. The session aimed to address the challenges and strategies related to securing patents and IPR, particularly in the context of increasing cyber threats.

The primary objective of the webinar was to enhance understanding of the Introduction to Intellectual Property Rights (IPR), Challenges in Cyber Security for Patents and IPR, Legal and Regulatory Considerations. Collaboration between legal experts, cybersecurity professionals, and technology providers is vital for a comprehensive IP protection strategy. The webinar provided a thorough overview of the challenges and solutions related to cyber security in the context of publishing patents and managing intellectual property rights. Participants gained practical insights and actionable strategies to enhance their IP protection efforts in an increasingly digital and interconnected world.

DEPARTMENT OF BUSINESS ADMINISTRATION (MBA)

SUMMARY REPORT

Name of the Program: Workshop on "Leadership Style and Success to become a successful entrepreneur"

Date: 20.12.2022

Venue: N4 Seminar Hall

Name of the Resource Person:

On December 20, 2022, Mr. Hasar Ali, Senior Executive Manager at Amazon, conducted an insightful workshop for MBA students focused on leadership style and organizational success. With his extensive background in e-commerce and supply chain management, Mr. Ali provided a wealth of knowledge and practical insights drawn from his two decades of experience at Amazon. The workshop aimed to equip future leaders with the necessary tools and strategies to navigate and thrive in complex business environments.

During the workshop, Mr. Ali delved into various leadership styles, including transformational, transactional, and servant leadership, emphasizing their unique characteristics and situational effectiveness. He highlighted the importance of adaptability in leadership, stressing that successful leaders must be able to shift their style according to the needs of their team and the organizational context. Through interactive discussions and real-world case studies from Amazon, participants were able to see firsthand how different leadership approaches can drive performance, innovation, and employee engagement. Mr. Ali also shared personal anecdotes and experiences, illustrating how effective leadership has been a cornerstone of Amazon's growth and success. He underscored the significance of fostering a positive work environment, promoting open communication, and encouraging team members to take ownership of their work. The workshop's engaging format allowed students to actively participate, ask questions, and gain practical insights that could be directly applied to their future careers.

The workshop aimed to explore various leadership styles and their impact on organizational success. Participants learned to identify and adapt their leadership approach to different situations, enhancing their effectiveness. Through interactive sessions, case studies, and practical exercises, attendees gained insights into how transformational, transactional, and servant leadership can drive team performance and innovation. By the end of the workshop, participants were equipped with actionable strategies to foster a positive work environment, boost employee engagement, and achieve sustainable success.

ENTREPRENEURSHIP AWARENESS CAMP REPORT

On 23.01.2023, Our college hosted an Entrepreneurship Awareness Camp aimed at college students to ignite their entrepreneurial spirit and provide them with essential business skills. The camp was designed to introduce students to the fundamentals of entrepreneurship and offer practical insights into starting and managing a business.

The agenda included interactive workshops on idea generation, market research, business planning, and financial management. Esteemed guest speakers, including successful entrepreneurs and industry professionals, delivered engaging lectures and participated in panel discussions, offering real-world perspectives and advice.

The event also featured networking sessions where students could connect with mentors, potential investors, and fellow aspiring entrepreneurs. With a participation of approximately 35 students, the camp successfully fostered an entrepreneurial mindset and provided hands-on experience in business development. Feedback from attendees was overwhelmingly positive, highlighting the relevance of the sessions and the value of the networking opportunities. Suggestions for future events include incorporating more case studies and offering ongoing mentorship to support students in launching their business ideas.

The camp was made possible through the support of speakers, sponsors, and a dedicated organizing team, and it effectively achieved its goal of enhancing entrepreneurship awareness among college students.
