## ANNUAL GENDER SENSITIZATION ACTION PLAN

RAAK Arts and Science College is dedicated to changing people's lives for better. In terms of providing equal opportunities for work and education, we are pioneers. Being a co-educational college, our college has established a reputation in the community as a protective place for women students, especially considering that many of our students are the first born in their families. The measures and activated list given below have served as the foundation for our success in fostering gender equality among our staff and students as well as in keeping students and staff.

### Action plan for 2018-2019

S. No	Name of the Programme	Date
1	National Girl Child Day	11.10.2018
2	Workshop on Breast Cancer awareness	15.10.2018

## Summary Report for National Girl Child Day

The Girl Child Day is a global celebration aimed at raising awareness about the plight of girls and women in our College. The day is celebrated with various events, campaigns, and activities that highlight the challenges faced by girls in different parts of the world, including limited access to education, early marriage, child labor, and sexual exploitation. The celebration also recognizes the achievements of girls and women who have overcome these challenges and are making a positive impact in their communities. Through various initiatives Our Institution aims to promote awareness and importance people around the world are encouraged to take action to create a more just and equal society for all.

## Summary Report for Breast Cancer Awareness Programme

October is Breast Cancer Awareness Month, a global initiative to raise awareness about breast cancer, its causes, symptoms, and prevention strategies. Breast cancer is one of the most common types of cancer affecting women worldwide, with over 2.3 million new cases diagnosed each year. Our college aims to provide an awareness to our girl students to overcome breast cancer conducted an One day Workshop on Breast Cancer.

Breast Cancer Awareness Month is an important reminder to educate our students and others about this prevalent disease. By understanding the statistics, symptoms, and prevention strategies, we can take proactive steps towards early detection and treatment. It is crucial to support research efforts and advocate for policies that promote breast health. Together, we can make a difference in the fight against breast cancer.
